Healthy Habits

For Your Fresh Tattoo

CLEAN

Always keep your tattoo clean

TIP: Use an all natural and/or unscented liquid soap. No bars

PROTECT

When tattoo is healed, always use sun protection

TIP: Healing time is different for each person but the average time is approx. 3 weeks

MOISTURIZE

Lotion daily to keep your tattoo looking fresh

TIP: Use a fragrance free lotion like Lubriderm or Curel

NO SUN OR SWIMMING

This includes baths, pools, beaches, saunas/steam rooms

NO EXERCISE

This includes, weight lifting, yoga, and any rigorous activity that may cause excess friction or swelling

NO SCRATCHING/ PICKING

Do not touch your tattoo unless you are washing it
